The screenshot shows the NAZOVNI website interface for creating an import application. The page title is "Create an import application" and it includes a "Beta version" label. The main heading is "Create an import application" with a sub-instruction: "Complete a form in order to import from Ukraine. All data must be entered in English". There are two main sections: "Company data" and "The import needs". The "Company data" section includes a "Organization*" field with a "No more than 100 characters" note and a "Country*" field. The "The import needs" section includes a "Field of activity*" field and a "The product or service title*" field. There is also an "Add a contact person" checkbox. Navigation links at the top include "About the platform", "Questions and answers", "About the export abroad", and "Create an import application". Buttons for "Find a market" and "I want to export" are also visible.
